EXPERIENCE

Web Developer Intern   June 2023 to July 2023
At Dream Technology.   *Solapur, India*

- Enhanced frontend development skills by building a Travel Website.
- Used pre-designed components like carousels and cards to showcase travel packages and destinations, enhancing user engagement.
- Tech Stack:HTML ,CSS,JS,PHP,BOOTSTRAP

PROJECTS

Android App   June - 2024

- Developed a Simple and user-friendly Android application for students and tuition centers. The app was designed to allow students to access all notes and audio materials through the app, enhancing their learning experience and providing a centralized platform for educational resources.

Travel Agency Website   July - 2023

- Developed a user-friendly travel booking website during a two-month internship. Features include user registration, ticket booking, viewing available tours, and ticket cancellation. The platform also provides information about other travel agencies.

Music Player Web App

- Built a simple music player web app using JavaScript, HTML, and CSS.
  Added features like play, pause, track navigation, and volume control.
